SUPPLEMENT TO THE SCHOOL LAW.

A further Supplement to an act for the regulation and continuance of a system of education by common schools, approved the eighth day of May, Anno Domini one thousand eight hundred and fifty-four.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That whenever the board of directors or controllers of any school district in this Commonwealth shall be unable to procure such eligible sites for the erection of school houses thereon as they may deem expedient, by agreement with the owner or owners of the land, it shall and may be lawful for the directors, in behalf of the district, to enter upon and occupy sufficient ground for the purpose, which they shall designate and mark off, not exceeding in any case one acre, and to use and occupy the same for the purpose of erecting thereon a school house, with its necessary and convenient appurtenances, and for all damage done and suffered, or which shall accrue to the owner or owners of such land by reason of the taking of the same for the purposes aforesaid, the funds of the district, which may be raised by taxation, shall be pledged and deemed as security; and it shall and may be lawful for the court of common pleas of the proper county, on application thereto, by petition, either by the said school district, through the president and secretary of the board of directors, or by the owner or owners of said land, or any one of them, in behalf of all, to appoint a jury of viewers, consisting of three discreet and disinterested citizens of said county, who shall not be the owners of property or residents in the school district in which such land is taken, as aforesaid, and appoint a time, not less than twenty nor more than thirty days thereafter, for said viewers to meet upon said land, of which time and place ten days' notice shall be given by the petitioners, to the said viewers, and the other party; and the said viewers, or any of them, having been first duly sworn or affirmed faithfully, justly and impartially to decide, and a true report to make, concerning all matters and things to be submitted to them, and having viewed the premises, they shall establish and determine the quantity and value of said land so taken to be used for the purpose aforesaid, and after having made a fair and just computation of the advantages and disadvantages, they shall estimate and determine whether any, and if any, what amount of damages has been or may be sustained, and to whom payable, and make report thereof to said court; and if damages be awarded and the report be confirmed by the said court, judgment shall be entered thereon, and if the amount thereof be not paid within thirty days after the entry of said judgment, execution to enforce the collection thereof may be issued, as in other cases of judgment against school districts; and each viewer shall be entitled to one dollar and fifty cents per day, for every day necessarily employed in the performance of the duties herein prescribed, to be paid by such district: *Provided*, That either party shall have the right to have reviewers appointed by said court.

SEC. 2. That the county superintendent of each county in this Commonwealth is hereby authorized and required, once in each year, at such time and place as he, or a properly authorized committee of teachers, acting with him, may deem most convenient, to call upon and invite the teachers of the common schools and other institutions of learning in his county to assemble together and organize themselves into a teachers' institute, to be devoted to the improvement of teachers in the science and art of education, and to continue in session at least five days, including a half a day for going to, and a half a day for returning from, the place of meeting, said institute to be presided over by the county superintendent, or by some one designated by him, and subject, in its general management, to his control.

SEC. 3. That each county superintendent, upon the assembling of the teachers' institute of his county, shall cause a roll of members to be prepared, which roll shall be called at least twice every day during the session of the institute, and all absentees carefully marked, and from which, upon the adjournment of the institute, he shall ascertain the exact number of teachers who were in attendance, and the length of time each attended, and upon the presentation of a certificate, at the close of the session of each annual institute, setting forth these facts, and signed by the county superintendent, to the treasurer of the proper county, he is hereby authorized and required to pay immediately, out of any money in the county treasury not otherwise appropriated, to the county superintendent, one dollar for every three days spent by teachers of the county in attendance at the institute for that year, or as much of it as may be needed, such money to be expended by the county superintendent, in procuring the services of lecturers and instructors for the institute, and in providing the necessary apparatus, books and stationery for carrying on its work: *Provided*, That the amount which may be drawn from the county treasury shall, in no case, be more than two hundred dollars, but may, in all cases, be sixty dollars, if it shall appear, from the vouchers presented by the county superintendent to the county auditors, as required by the fourth section of this act, that this sum has been actually expended for the purposes herein specified: *Provided further*, That all boards of directors may allow the teachers in their employ the privilege of attending such institutes, without making any deduction from their salaries, and that any teacher who absents himself from the institute of his county, without a good reason, may have his want of professional spirit and zeal indicated by a lower mark on his certificate in the practice of teaching, than he would otherwise have received.

SEC. 4. That each county superintendent who may draw money from the county treasury for the purposes named in this act, shall file his account of all expenditures under the act in the office of the county treasury, with vouchers for the same, which shall be examined by the auditors of the county, in like manner as other county expenditures, and any misapplication of funds shall be punished in the same manner as collectors of State and county taxes for like offenses are now punished.

SEC. 5. That all county superintendents, upon the adjournment of the teachers' institutes held in their respective counties, are hereby required to report to the Superintendent of Common Schools the number of teachers in attendance, the names of the lecturers or instructors who officiated, the subjects upon which the instruction was given, and the degree of popular interest awakened by the proceedings.

SEC. 6. That it shall be lawful for the school directors of any county in this Commonwealth, at any tri-ennial convention held for the purpose of electing a county superintendent, to appoint seven of their number possessing the necessary qualifications, whose duty it shall be to agree upon and select a series of text books adapted to the wants of the common schools of the county, and present them for adoption to the several boards of directors; this action, however, to be of no binding force unless confirmed at the annual meeting of directors and teachers held as now provided by the twenty-third section of the act of May eighth, one thousand eight hundred and fifty-four, but when so confirmed the books shall not be changed until after the action of the next tri-ennial convention as aforesaid: *Provided*, That a majority of the board of directors of any county may at any time call a special meeting of the directors of the county for the purpose of appointing a county committee on text books as above indicated, whose action shall be valid until the meeting of the tri-ennial convention in the year one thousand eight hundred and sixty-nine.

SEC. 7. The school directors of any city or borough in this Commonwealth, having a population of over ten thousand inhabitants, may, on the first Tuesday of May, one thousand eight hundred and sixty-nine, and every third year thereafter, elect, viva voce, by a majority of the whole number of directors present, one person of literary and scientific acquirements, and skill and experience in the art of teaching, as city or borough superintendent for the three succeeding school years; and the said school directors shall determine the amount of compensation for said city or borough superintendent, which compensation shall be paid by the same officers as pay the salaries of teachers in such school district, and in the same manner as such salaries are now paid: *Provided*, That nothing in this act shall prevent the directors of any city or borough from electing a superintendent to serve from the time of election until the commencement of the school year, one thousand eight hundred and sixty-nine, from filling a vacancy, should any occur, for the unexpired term of said office, nor from increasing the salary of a superintendent at any time. *Provided also*, That the president of the board of directors or controllers of any city or borough in this Commonwealth shall, at any time after the passage of this act, if so requested, in writing, by seven directors or controllers, call a convention, giving at least five days' notice thereof, of all the directors of said city or borough, to determine whether they will elect a city or borough superintendent, in accordance with the provisions of this act; and if, at such meeting, it shall be decided to hold such an election, the said directors shall again convene at the time appointed by this section of this act, or any other time, in accordance with its provisions, and at a place fixed upon by themselves, when they shall proceed to carry their determination into effect in the same manner as is done by conventions held for the election of county superintendents, and all subsequent conventions for carrying into effect the purposes of this act shall be called in the same manner by said president of the board of directors or controllers of such city or borough.

SEC. 8. That it shall be the duty of the president and secretary of the meeting of the directors of any city or borough, at which a city or borough superintendent has been elected, to certify to the Superintendent of Common Schools, the name and address of the person elected city or borough superintendent, in pursuance of the provisions of this act, and those of all other candidates who received votes, together with the amount of compensation fixed upon by said directors; upon the receipt of such certificate, if no valid objection be received, within thirty days after the day of election, the Superintendent of Common Schools shall commission the person so elected for the term for which he was elected, but if objection to issuing such commission be made within thirty days, the Superintendent of Common Schools shall proceed, with like power and in like manner as he is now required to do, where objections are made against issuing commissions to persons claiming to be elected county superintendent.

SEC. 9. That from and after the appointment of a city or borough superintendent, in any city or borough in this Commonwealth, and the proper notification of the Supeintendent of Common Schools of the fact, such city or borough shall not be subject to the authority and jurisdiction of the county superintendent, in which such city or borough is located, except that, in the matter of holding the annual teachers' institutes, as provided by sections second, third, fourth and fifth of this act, in which the city or borough superintendent shall co-operate, and the quota of the annual State appropriation to said city or borough shall not be diminished, by reason of any contribution to the salaries of county superintendents, nor shall the directors of such city or borough vote at any election for county superintendents.

SEC. 10. It shall be the duty of all city or borough superintendents to take a similar oath or affirmation to that now required of county superintendents, to perform within the limits of their several jurisdictions, all the duties now by law enjoined upon county superintendents, and to discharge such other duties as the bye-laws, rules and regulations of the respective boards of directors may require; and it shall be their further duty, in addition to an annual report, to report monthly to the Department of Common Schools such facts relating to their work, and the condition of the schools under their charge, as may be required by the Superintendent of Common Schools, and to attend meetings of superintendents called by said Superintendent of Common Schools.

SEC. 11. That after the passage of this act no teacher in this Commonwealth shall receive from a county, city or borough superintendent a certificate as a teacher, who has not a fair knowledge of orthography, reading, writing geography, English grammar, mental and written arithmetic, history of the United States, and the theory of teaching; nor shall such certificate be given to any person who is in the habit of using as a beverage any intoxicating drinks, and all certificates given to teachers shall set forth the branches in which those holding them have been found proficient, and indicate by suitable marks the degree of that proficiency.

SEC. 12. County, city or borough superintendents, shall issue two grades of teachers' certificates, one of which shall be given to applicants possessing a fair knowledge of the branches named in section eleven, or to those who, possessing a thorough knowledge of the branches, have little or no experience in teaching, and shall license the holder to teach in the county, city or borough where issued for one year, and which shall not be renewed without a re-examination; and the other shall be called a professional certificate, and shall be given only to those who possess a thorough knowledge of the branches above named, and who have had successful experience in teaching, and shall license the holder to teach in the county, city or borough where issued during the official term of the county, city or borough superintendent issuing it, and for one year thereafter: *Provided*, That all so called professional certificates heretofore issued by any county, city or borough superintendent, shall cease to be valid on the first Monday of June, one thousand eight hundred and sixty-eight, except those issued since the first Monday of June, one thousand eight hundred and sixty six, which certificate shall be valid as long as others issued during the present term of the superintendent: *Provided*, That any professional certificate may be renewed by a county, city or borough superintendent without re-examination after having fully satisfied himself, by personal observation in his or her school, of the competency and skill as a teacher of the person holding it. *And provided further*, That the State Superintendent of Commou Schools shall cause to be prepared a new grade of teachers' certificate, to be called a permanent certificate, which shall be granted by him to practical teachers holding professional certificates, upon the recommendation of the board or boards of directors in whose employment the applicant shall have taught for the three preceding annual school terms, which shall be countersigned by the proper county, city or borough superintendent, in office when the application shall be made and approved, after examination, if they deem it necessary, by a committee of five teachers, a part of whom may be females holding permanent certificates, if there be that many holding such certificates; but if there be none, or not a sufficient number of that grade of teachers, the committee shall be constituted wholly, or in part, as the case may be, of teachers holding professional certificates, said committee to be elected by ballot by the members of the teachers' institute at its annual session, from the county, city or borough in which the applicant resides at the time of making the application; and such permanent certificate shall continue to be valid in such county, city or borough unless forfeited according to the provisions of this act, and shall also entitle the holder to teach one year in any other county, city or borough, in this Commonwealth, without a re-examination, at the end of which time it may be endorsed by the proper county, city or borough superintendent, if from personal knowledge he deem it worthily held, and shall then confer upon the holder the same rank and privileges as in the county where issued and such permanent certificate shall only be annulled upon complaint, duly proven, of incompetency, cruelty, negligence or immorality, made to the State Superintendent of Common Schools by a county, city or borough superintendent, and a committee of teachers elected and constituted as aforesaid.

SEC. 13. That no person shall hereafter be eligible to the office of county, city or borough superintendent, in any county of this Commonwealth, who does not possess a diploma from a college legally empowered to grant literary degrees, a diploma or State certificate, issued according to law, by the authorities of a State normal school, a professional certificate from a county, city or borough superintendent of good standing, issued at least one year prior to the election, or a certificate of competency from the State Superintendent of Common Schools; nor shall such person be eligible unless he has a sound moral character, and has had successful experience in teaching within three years of the time of his election; *Provided*, That serving as county, city or borough superintendent shall be deemed a sufficient test of qualification; and the president and secretary of each convention of school directors held in any county, city or borough to elect a county, city or borough superintendent, when certifying to the superintendent of Common Schools the name and address of the person elected county, city or borough superintendent, shall at the same time state the kind and character of the evidence upon which said convention relied for proof of the eligibility of the person so elected; and the said Superintendent of Common Schools, if upon examination of the evidence presented, it shall prove to be such as required by this act, and no objection be made in accordance with section fourth, of the act approved April seventeenth, Anno Domini one thousand eight hundred and sixty-five, the said Superintendent of Common Schools shall appoint two competent persons himself being the third, to examine the person so elected county, city or borough superintendent; and if, upon examination, he be found duly qualified for the office, the said Superintendent of Common Schools shall issue to him the usual commission; but if not, the said Superintendent of Common Schools shall proceed in like manner in respect to the person receiving the next highest number of votes in the convention of directors, who, if found qualified, shall receive the commission aforesaid as county, city or borough superintendent; but, if his qualifications are also found insufficient, the said Superintendent of Common Schools shall appoint, with the advice and consent of the Governor of the Commonwealth, some other person with the required qualifications, county, city or borough superintendent for the ensuing term of such office.

SEC. 14, That all acts or parts of acts, in opposition to or consistent with this act, are hereby repealed; *Provided*, That this act shall not apply to the city or county of Philadelphia.

THE ART OF ADVERTISING.—On this subject the Louisville *Journal* has the following: "We have been carrying on the Louisville *Journal* between thirty-six and thirty seven years. During all this time we have known no man of business in the city to fail who advertised liberally. And we have known no one to succeed in any considerable, if even in a respectable, degree who *didn't* advertise liberally!

"Do you tell us, oh candidate for the custom of the community, that you can't afford to advertise because your business is dull? Ah! why is it dull? Listen, and we will tell you. It is dull because you don't advertise, and you don't advertise because it is dull; so the vacant circle is complete. We tell you if you are doing ill to advertise that you may do well, and if you are doing well, advertise that you may do better. Set high your mark of business success, and advertise up to it. You can do so, if you will, even in hard times.

"A little nerve is needed in advertising as well as in using any other effective means of success. Your men who have no more nerve than a wet rag advertise little or not at all, and they succeed little or not all. You may suppose that we are giving advice that we think would benefit ourselves. Yes, we do think that it would benefit us, but benefit you immensely more. Think a little, and you will agree with us. And if you do agree with us, be wise enough to act accordingly."

PRINCIPLE AND PRACTICE.—The New Jersey Legislature, which has a good working majority of Radicals in each branch, has defeated a proposition to strike the word white from the State Constitution, so as to permit negroes to vote. The same Legislature did not hesitate to ratify the Constitutional Amendment which forces negro suffrage upon the Southern States, but, like the Legislature of our own State, it enjoys

THE Greensburg *Argus* has been enlarged and otherwise improved. Our friend LAIRD publishes one of the best Democratic papers in the State.

KENTUCKY.

An election for Members of Congress was held in Kentucky on Saturday last. The State is claimed for the Democrats by 40,000 majority! Comfortable.

THE *Inquirer* is "great" on "refraining from mentioning" names. It has "carefully refrained from mentioning" a number of names that *might* be mentioned in connection with the Poor House subject. It "refrained" from saying any thing at all about the term of the two G. D.'s, G. D. Shuck and G. D. Trout. But, of course, since we have "seen proper to lug" those names into the controversy, it will have something to say about them. Come, now, what about the "deficits" during their term?

The question, as to whether these things result from dishonesty, or incompetency we leave to the people.—*Inquirer*.

Yes, "the people" will decide that question as to your most excellent Poor Directors, the two G. D.'s (Messrs. Shuck and Trout) who formed the majority in the board when a great portion of the blunders occurred which have been brought to light by the Democrats. By all means submit that question to "the people."

BALTIMORE has just held an election for Judge and Clerk of the City Court. The Democratic candidates were elected by a majority of upwards of 6,000 over the Radical candidates, by nearly 10,000 over the Conservatives, and by nearly 5,000 over all together. Last fall the Democratic majority in the city was about 2,000. Baltimore, on a full vote, can give 10,000 Democratic majority over all opposition. Since Plug Uglyism and Military Despotism have run their course, Baltimore has become a peaceful, orderly, and consequently, a Democratic city.

But why not state the whole truth and say that the reason why Mr Blymyer's indebtedness is not $10,000, is, that he has paid $3,336,47.—*Inquirer*.

Ye gods! what logic! If Mr. Blymyer had never paid anything, his indebtedness might be $100,000 instead of $7,000; but, as he *has* paid all but $7,000, his indebtedness cannot be more than $7,000. The *Inquirer* may, but figures will not, lie. The settlement with Mr. Blymyer is on file at the Poor House. The curious can examine it for themselves. If they find that Mr. Blymyer owes more than $7,000 on that settlement, we will agree to eat a copy of the *Inquirer*, dirt, wool and all.

MORE ABOUT THE LATE LEGISLATURE.

The Radical journals are still complaining of the venality and want of honesty in the late Legislature. How long they will be able to tell the truth about their own partizans, we do not know, and for fear that they will soon begin to praise them and call upon the people to give them another lease of power, we hasten to give their present sayings as wide circulation as possible. Let the *present* opinions of the Radical newspapers in respect to their own Legislature be carefully treasured up, for it will not be long until those very newspapers will take the "other track." Mark the prediction!—The Johnstown *Tribune*, (Radical), thus discourseth:

"The Republican press of the State, with few exceptions, is outspoken in its condemnation of the course of the Legislature which has just adjourned. There seems to be no ground for doubt that unblushing corruption--the buying and selling of votes—characterized much of the important legislation of the session. Of course, members of both parties took the bribes, if bribes there were, but the Republican party is shamed the most by the conduct of its representatives, for we have heretofore been somewhat loud in the utterance of the boast that we were holier than our opponents. We have no advice to offer, but a blind man can see that if the Republicans of this State desire to retain power they must purge their party of the contamination which comes of dishonest leadership."

CONOVER.

Sanford Conover, upon whose testimony in the Assassination cases, a Military Commission sent a number of persons to the gallows, has been convicted of perjury and sentenced to seven years' imprisonment. He was one of the ready made witnesses upon whose testimony the infamous star-chamber courts of the Lincoln dynasty, condemned to death and sent into exile, men and women whose innocence has since been well established. There was formerly a man at Washington, by the name of Joseph Holt, who was the Jeffreys of those bloody courts. His name was intimately connected with that of Conover. What has become of him? Why is his connection with Conover not investigated? And why are we not enlightened as to who it was that tore those pages out of Booth's diary? Conover was a tool; where is the hand that used him?

We had carefully refrained from mentioning Mr. Blymyer's name in connection with this subject, but since the *Gazette* has seen proper to lug it in, with a covert insinuation that the fault lies in great part with him, we have only to say that in our former strictures upon the management of this institution, we expressed our faith in the integrity of Mr. Blymyer and we do not now believe that he would willingly take one cent more than is justly due him. —*Inquirer*.

Yes, you had "carefully refrained from mentioning Mr. Blymyer's name in connection with this subject," because you knew that your talk about "deficits" in the Poor House Treasury, was the easiest and safest way to stab him. By such talk the public would at once inquire who was the Treasurer, and having found Mr. Blymyer to be the man, would, of course, put the blame for the alleged "deficits," upon him. But your little trick of stabbing in the dark, has been frustrated, and you have been compelled (because you *dared* not say anything contrary) to acknowledge *Mr. Blymyer's honesty to be impeachable*. This is all we wanted you to admit. We have carried our point, by your own admission, and, therefore, "rest" the case.

NOMINATE THE BEST MEN.

We publish, in another column, the call of the Chairman of the Democratic County Committee, for the holding of the annual nominating Convention of the party. It is always right that the best men that will accept a nomination, should be put upon the ticket. All of us have our favorites, but we should lay aside all personal considerations for the good of the party and the county. Let the very best men that can be found, be put in nomination by the coming Convention. If this be done, we will sweep the county by a larger majority than it ever gave before. It is not our busiuess to dictate who the nominees shall be, but we ask the Democrats of the county to see to it that they will be men around whom we can rally with that earnestness which is always essential to success. Let there be a fair, full and unshrinking canvass of the merits of the several candidates and let those who are found worthiest receive the nomination. We utter this word of caution, because we desire to organize for such a drubbing of the Radicals as they have not received, but have richly merited, for many years.

THE FAILURE OF THE POOR HOUSE BILL.

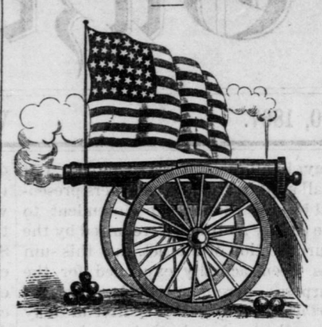
The *Inquirer*, in reply to our question as to the reason for the defeat of the bill before the late Legislature, to enable the Poor Directors to build a new Poor House, says:

"We neither know how nor why the bill was defeated. We are in favor of building a new Poor House just as soon as it can be done. But as the bill has not passed, we will be obliged to wait another year. In the meantime we would say that we are opposed to any bill authorizing the Poor Directors to build."

Aha! that's where the shoe pinches. You are "opposed to any bill authorizing the *Poor Directors* to build." How narrow-minded! Because the Poor Directors are Democrats, you would let the roof and the walls of the old Poor House fall upon the heads of its inmates, before you would permit *them* to build. The people of Bedford county will please take notice that "we will be obliged to wait another year" before a decent Poor House can be erected, because it didn't suit the purposes of Radical politicians to permit the passage of the bill authorizing the construction of such a building. At the same time, be it remembered, that the bill proposed was so drawn as to obviate the objection of the *Inquirer*. It required *the Court to appoint three Commissioners*, who were to act in conjunction with the Poor Directors. Again, we say to the *Inquirer*, give us a reason why this bill was not passed, or let your party take the responsibility for its failure.

—The Gallip lis, Ohio, *Dispatch*, says that the Radical school directors of Addison township pay white male teachers $20 per month, white female teachers $15, and female negro teachers $25 per month—all in the same grade of schools. That is one of the beauties of "loyalty."

GRAND DEMOCRATIC VICTORY IN LANCASTER!



Mayor Sanderson Re-elected by 511 Majority--A Gain of 331 Since Last Year.

The home of Thaddeus Stevens has just administered a most signal rebuke to that old arch-persecutor of the people of the South. The Legislature last winter, in order to enable the Radicals to carry the city of Lancaster, cut it up into *nine wards*, but the people of that noble old city have responded to this legislative knavery, by increasing the Democratic majority of 180 last year, to 511! Seven of the nine members of Select Council and 19 of the 27 members of the Common Council, are Democrats! There is great rejoicing among the unterrified over this signal victory. It is a harbinger of what is to come next fall. Let the Radicals "stand from under!"

PROGRESS.

We see it stated that Gov. Geary has prohibited the use of wine at his table, that the Legislature has appropriated five hundred dollars for the painting of the Governor's portrait, and twenty thousand dollars to extend and improve the Executive Mansion.

Io! Io! let us rejoice! We have a Governor "as is" a Governor. We have a Governor who doesn't permit wine upon his table (he keeps it all in his private chamber), a Governor who patronizes the Fine Arts and who has an eye for the beauties of Architecture. How poor Curtin pales into insignificance before the moral grandeur of the character of his illustrous successor! No wonder the Ex-Governor has incontinently left the Continent. How could he have lived here under the withering comparisons of his fondness for Old Rye with Geary's total abstinence, and under the charge that he never entered a painter's studio or an architect's office, whilst Geary is the liberal patron of both? It is well for his peace of mind that he has left the country. The people are heartily sick of such fossils as he. Hail, glorious Progress! John Brown's soul *must* march on and the Governor of Pennsylvania *must* have his portrait painted. It will cost but five hundred dollars (we mean the portrait) and people who believe in progress will not mind footing the bill. So handsome a face as the Governor's should have its counterfeit presentment hung up in every drawing-room in the State. [*Quere*. Would it not be well to have Geary's portrait suspended in bar-rooms and tippling-shops, as it might remind drunkards and other "hard cases" what *they* might come to some day?]. Let the next Legislature require this to be done. We promise most excellent results. But we must not forget that our Governor is a great patron of Architecture. The Executive Mansion is to be extended. It will cost only twenty thousand dollars, and what is that to a progressive people like us Pennsylvanians? We must patronize Architecture, else the Keystone will drop out of the Arch! *Evoe*, Geary! Hater of Wine, friend of the Fine Arts, patron of Architecture! How shall we celebrate the glory of Geary?

For the Bedford Gazette.

THE SUPPLEMENT TO THE COMMON SCHOOL LAW.

We are glad to see that the legislature passed a supplement to the Common School law, which makes certain important changes in the manner of organizing, supervising and conducting the common schools of the State. This supplement, signed by the Governor, is now in full force and effect. It provides that when school directors are unable to procure from the owner or owners of land an eligible site for a school house, they may enter upon and occupy such land, to the amount of one acre, and the damage resulting from such occupancy to be determined by a jury of viewers; and in case the award of the viewers is confirmed by the court, payment shall be made within thirty days, after which time collection may be made by execution, as in other cases of judgment against school directors; and either party shall have the right to have reviewers appointed by the court.

The same act provides for the holding of a County Teachers' Institute, to continue at least five days in each year, and appropriating out of the money in the county treasury one dollar for every three days attendance of teachers upon the institute, said sum to be expended in procuring the attendance and instruction of competent lecturers at said annual meeting; and for non-attendance, except for good cause, a teacher's certificate may be reduced in grade; the time spent in attending the Institute may be allowed the teacher by the board of directors. The Superintendent must make a full statement of the expenditures of moneys in his hands.

The act also provides for the selection of text books at each triennial convention of directors, the same to be validated by confirmation at the annual meeting of directors and teachers, held as now provided by law, and a majority of the board of directors may at any time call a special meeting of directors for the purpose of appointing a committee on text books, prior to the triennial meeting in 1869. Provision is also made for city and borough Superintendents, in places having over 10,000 inhabitants. A salutary change is also made in the issue of teachers' certificates. To this we especially invite the atttention of the teachers of Bedford county. The act legalizes the issue of three grades of teachers' certificates, the lowest called "Provisional," good for one year only; the second "Professional," which shall grant the holder to teach in the county, city or borough where it was issued during the official term of the officer who issued it, and one year thereafter; the third or highest grade is called a "Permanent Certificate," which must be signed by the State Superintendent. All professional certificates issued before the first Monday of June, 1866, shall cease to be valid after the first Monday of June, 1868. Any professional certificate may be renewed by the proper officer if he is satisfied that the holder is entitled to such certificate.

By the same act "no person shall hereafter be eligible to the office of county, city or borough superintendent, in any county of this State, who does not hold a diploma from a college legally empowered to grant literary degrees, a diploma or state certificate issued according to law by the authorities of a State Normal School; a professional certificate from a county, city or borough superintendent of good standing, issued at least one year prior to the election, or a certificate of competency from the State Superintendent of Common Schools; nor shall such person be eligible unless he has a sound moral character, and has had successful experience in teaching within three years of the time of his election: *Provided*, That serving as county, city or borough superintendent shall be taken as evidence of the requisite qualifications.

A NATIONAL HOME FOR INVALID SOLDIERS.—Measures are now in hand which are calculated, after the lapse of a few months, to establish, on a grand scale, the desideratum—a National Home for Invalid Soldiers. The design is an admirable one, and is as follows: It is well known that all efforts to obtain the voluntary subscriptions sufficient to erect a Soldiers' Home have been without avail. In furtherance of the object, however, the Legislature of Pennsylvania have passed an act dated March 6, 1867, creating a corporation of which Major General George G. Meade is president, and General Horatio G. Sickels is treasurer, with an efficient board of supervisors, who have the power to distribute to the holders of certificates a large number of immensely valuable gifts, consisting of diamonds, pearls, emeralds, rubies, &c., purchased from citizens of the Southern States during the rebellion, and which articles will soon be exhibited in this city. By this scheme it is confidently anticipated a large fund will be created towards the erection of the Home. A great feature of the affair consists in the fact that every purchaser of the certificates becomes a contributor to this National Home fund, and at the same time has a direct interest in the distribution of the rare gems mentioned above. The details of the entire scheme will be conducted in a perfectly fair and honorable manner. The site for the Home has already been purchased, and consists of thirty acres of land, used by General Meade during the battle of Gettysburg as his headquarters. The plan has been approved by ex-Governor Curtin, Major General Meade, Governor Geary, and a large number of prominent military heroes.—*Philadelphia Press*.

A NEW METER.—Distillers should read the following circular, just issued from the office of the Internal Revenue:

Notice is hereby given that the Secretary of the Treasury has adopted and prescribed for use in distilleries, a meter invented by Mr. Isaac P. Tice, of New York, and that regulations of the introduction of such meter will be issued in a few days. Each collector will notify every distiller who applies to make payment for the special tax for the year ending May 1, 1868, that he will not be allowed to continue in operation after the 15th day of May, unless he shall before that time have made application for a meter, and accompanied his application with adequate security for the payment of the necessary expenses, which will probably vary according to the size of the distillery, from six hundred to fifteen hundred dollars.

IF our friends will use preparations for restoring gray hair they should use the best in the market. Our attention has lately been called to an article which has an extensive sale and a very high reputation, known as Ring's Vegetable Ambrosia, and we are inclined to think that it possesses more desirable and less objectionable qualities than any other in the market. It restores gray or faded hair to its original color in a most remarkable manner, and by its invigorating and soothing properties removes all dandruff and humors from the scalp. Give it a fair trial and you cannot fail to like it.

—George Peabody has made another donation. On Thursday last, while in Washington, he placed in the hands of Messrs. Corcoran & Riggs, $15,000 for the establishment of a circulating library in the neighboring city of Georgetown.

—Gov. English, of Connecticut, was inaugurated on the 1st of May, at Hartford. The parade was the grandest affair ever witnessed in the State. About forty military companies were in line, and thirty thousand people came into the city. Great enthusiasm prevailed. It will do that State good to try Democracy awhile.

—A Mississippi paper states that Col. Scott, one of the prisoners sent to the Dry Tortugas, passed Holly Springs in that State recently. He reports the treatment the prisoners undergo to be of a very barbarous nature. They are flogged for the least indiscretion, and otherwise cruelly dealt with.

Organization of the Connecticut Legislature---Message of Gov. English.

HARTFORD, May 1.—The Legislature organized to-day. Governor English, in his message, says the situation of public affairs is in every respect important. He urges that as citizens of a common country we should strive to extinguish vindictive resentment, caused by the late civil war waged to maintain the supremacy of the Federal Constitution and the integrity of the national honor. He says the great object is not yet attained—the Union is not restored. Ten States are denied participation in the National Government by the action of Congress. Such measures, if persisted in, will transform the Republic into a despotism. He deems the course of legislation pursued by Congress wholly unwarranted and as fatal to the Union and the Constitution as the doctrine of secession. The legislation of the Thirty-ninth Congress, to a large extent, was a series of usurpations and infractions of the Constitution.—He argues that Congress has no more power under the Coustitution to establish military government in the Southern States than to institute the order of nobility in England, and claims that Congress assumed that power only for the purpose of more thoroughly accomplishing the subversion of State authority. If Congress can legislate for these States, it is not difficult to force a like interference in other States in the right of States to regulate their internal affairs in their own way, henceforth would be subject to the caprice of Congress. He speaks of the Senate arrogating the power to select, as well as confirm, and of dictating to the President in regard to his appointments, and says it is in pursuance of a purpose to absorb the functions which legitimately appertain to other branches of the Government, and says it was proposed to take the pardoning power out of the hands of the President, where the Constitution had placed it, and by an *ex post facto* proceeding confer it on Congress. He does not doubt the tacit submission of the Southern people to the rule provided for them, but serious questions arise from the precedent established by Congress.

THE CASE OF JEFFERSON DAVIS.—Intelligence was received from Richmond, which shows that it is, after all, again in doubt as to whether Judge Underwood will essay the trial of Jefferson Davis at the May term of the United States District Court. If the term be adjourned without such trial, the President has determined to at once release Davis from confinement at Fortress Monroe, on nominal bail. The President has in his possession a letter signed by leading republicans, asking that Davis be released, and also a proposition from Horace Greeley, offering to be one of Mr. Davis's bondsmen. So says a Washington correspondent of the New York World.

THE LATEST FASHIONS.—Since the invention and successful introduction of the Celebrated Duplex Elliptic [or double] Spring Hoop Skirt, by Mr. J. W. Bradley, of New York, the ladies throughout the country have given up the idea of discarding the fashion of wearing hoop skirts on account of the peculiar and graceful manner in which the Duplex Skirts adapt themselves to every exigency and emergency. So generally acceptable have these Skirts become that the ladies regard them as a special favorite in view of the superior Flexibility, Lightness and Durability Combined in their Manufacture. They also consider them a far more Economical and Comfortable Hoop Skirt than ever has or can be made for all Crowded Assemblies, for the Promenade or House Dress. Any lady after wearing one of these Skirts will never afterwards willingly dispense with their use. Long experience in the manufacture of Hoop Skirts, has proven to the proprietors of this invention, that Single-springs will always retain that stiff, unyielding and bungling style which has ever characterised them, whereas the Double Spring Hoop or the Duplex Elliptic, will be found Free from these objections. Notwithstanding the ability of the manufacturers, Messrs. Wests, Bradley and Cary, to turn out over six thousand Skirts per day from their Large Manufactories in New York, they feel obliged to request all merchants ordering the Duplex Elliptic Skirts, to send their orders a few days before they are wanted, if possible, as they are most constantly oversold some days ahead.

A YOUNG LADY returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft ruby complexion of almost marble smoothness, and instead of twenty three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she plainly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any Lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing the same, and leaving the surface as Nature intended it should be, clear, soft, smooth and beautiful. DR. SCHENCK'S PULMONIC SYRUP. This great medicine cured Dr. J. H. Schenck, the proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. Schenck's PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS, are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all druggists and dealers; price $1 50 per bottle, or $7 50 the half dozen. All letters for advice should be addressed to Dr. Schenck's principal Office, No. 15 North Sixth street, Philadelphia, Pa.

KNOW THY DESTINY.—MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a lifelike picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. THE GLORY OF MAN IS STRENGTH.—Therefore the nervous and debilitated should immediately use Helmbold's Extract Buchu.

IMPORTANT QUALITIES.—BRANDRETH'S PILLS so stimulate all the interior powers of the system that every poison or impurity is forced from the blood into the bowels, and thus passes off. Recent cases of sickness will often be cured by the effect of 6 or 8 Brandreth's Pills, which, when the operation is full and complete, leave the blood as free from poisonous and unhealthy matter as that of a new-born babe. In colds, inflammatory diseases, and even in cholera, their use restores to health sooner than all other remedies, because they take from the blood and bowels those matters upon which pains, cramps, and aches depend for continuance.

Captain Isaac Smith, of Sing Sing, says, thirty of Brandreth's Pills, taken according to directions, cured him of a very severe bronchial affection after other means had failed, and he wishes his numerous friends to know the fact.

SILVER MINES IN FULTON CO.—A tremendons excitement prevails down in the vicinity of Bethel township, in this county, over the discovery of silver in that township. Some doubts existed in the minds of the incredulous as to whether the shining ore discovered really *was* silver; whereupon a quantity of it was sent to Philadelphia, where it was snbjected to the most rigid analysis by experienced scientfiic men.—The result of the tests thus made was to pronounce the ore to be genuine silver and no mistake. The yield of the pure metal is said to be $17,50 of silver and $5 of gold to the ton of sand or earth in which it is imbedded. Experienced miners regard this as very rich; and we have no doubt that the future prospecting will reveal mines of the precious metals in that vicinity that may even rival Pike's Peak, or Idaho. —*Fulton Democrat.*

LAW OF ESTRAYS.—The following is the law with reference to estrays:

"Persons having stray cattle or horses in their possession are liable in the sum of five dollars, and will receive no compensation for damages or costs, if they fail to report the fact to the Town Clerk within four days, and it is his duty to record the same, subject to the same punishment in default thereof. If the owner of the estray presents himself to the Clerk within ten days, he is entitled to receive his property on payment of charges. If after expiration of that time, no owner is found, the person possessing the estray is required to advertise it; and if within sixty days thereafter no owner appear, the person taking up the same shall apply to a Justice of the Peace in the township, who is required to issue his warrant to a Constable, who after giving ten days, notice, is required to sell the same—the money for which is to be paid into the hands of the Justice of the Peace, who is to pay all reasonable charges for the cost of keeping, registering, advertising, selling, &c., and the balance, if there be any, to be paid into county treasury.

WE have authority for saying that our statement two weeks ago, about the repeal of the tax on personal property, was incorrect. The bill did not pass finally. We saw the statement in several papers and supposed we might take something for granted without waiting six months for the laws to be published. But it's no go. Some people use language to conceal ideas, but they are no match to the present Pennsylvania system of concealing the laws from the people who have to obey them. The true remedy is to publish them in the newspapers. Let the people insist upon it when their candidates are nominated.—*Franklin Repository.*

REGULATOR.—We looked out of our window, the other day, and what think you, reader, greeted our astonished, but gratified, vision? Nothing else than a big barrel of Lovering's Syrup rolling into Irvine and Statler's cellar, flanked by bags of coffee, barrels of sugar and "kits" of mackerel, whilst passing into the store room, we observed boxes of dry-goods, boots and shoes, queensware, etc., etc. Such are the goings on at the "Regulator."

J. W. BRADLEY'S
CELEBRATED PATENT
DUPLEX ELLIPTIC (OR DOUBLE SPRING)
SKIRT.

The wonderful flexibility and great comfort and pleasure to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring Skirt.

A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT of the Fashionable World!

To enjoy the following inestimable advantages in crinoline, viz. superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, inquire for

MISHLER'S BITTERS
WILL
CURE ALL DISEASES OF THE SKIN!
Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases. Under this head may be classed—
1st, Scrofula,—This disease is hereditary and is transmitted from generation to generation It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by *vice.* Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorhœa, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed inscribed in the Book of Books. "I will visit the iniquities of the fathers upon their children."
To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics. Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating medicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that
Mishler's Bitters will Cure all kinds of Scrofulous Diseases.
It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will cure Scrofula.
2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflicted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a *permanent cure.*
3d. Salt Rheum.—Salt Rheum is a vague, indefinite, though, popular term given to almost all the non-febrile eruptions of the skin which afflict adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smarting, tingling sensation, with a tendency to creep or spread over the adjoining surface. Mishler's bitters are a sure cure for this disease.
4th. Pimples and Blotches.—Pimples and Blotches on the skin are always a sure sign of impure blood. Although never dangerous, except in cases of carbuncles, they are very disagreeable.—Often we will see the most handsome features rendered hideous by great blotches and pimples, and instead of the pleasing look which should irradiate the human face we see nothing but disgusting corruption; for pimples and blotches are nothing but the corrupt accumulations of the system expelled through the medium of the skin. The use of Mishler's Bitters will force these corruptions to be discharged through the natural channels, and thus cures all kinds of pimples and blotches. Ladies who desire a fair complection, free from pimples should bear this fact in mind.

CELEBRATED PATENT
DUPLEX ELLIPTIC (OR DOUBLE SPRING)
SKIRT.
The wonderful flexibility and great comfort and pleasure to any lady wearing the DUPLEX ELLIPTIC SKIRT will be experienced particularly in crowded Assemblies, Operas, Carriages, Railroad Cars, Church Pews, Arm Chairs, for Promenade and House Dress, as the Skirt can be folded when in use to occupy a small place as easily and conveniently as a silk or muslin dress, an invaluable quality in crinoline, not found in any single spring Skirt.
A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others.
They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered: preventing them from wearing out when dragging down stoops, stairs, &c.
The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT of the Fashionable World!
To enjoy the following inestimable advantages in crinoline, viz. superior quality, perfect manufacture, stylish shape and finish, flexibility, durability, comfort and economy, inquire for
J. W. BRADLEY'S DUPLEX ELLIPTIC, or Double Spring Skirt, and be sure you get the genuine article.
CAUTION.—To guard against imposition, be particular to notice that Skirts offered as "DUPLEX" have the red ink stamp, viz: "J. W. Bradley's Duplex Elliptic Steel Springs," upon the waistband—☞ none others are genuine. Also notice that every Hoop will admit a pin being passed through the centre, thus revealing the two (or double) springs braided together therein, which is the secret of their flexibility and strength, and a combination not to be found in any other Skirt.

VOL. V. Again Enlarged! 1867.
THE OLD GUARD,
A MONTHLY MAGAZINE,
DEVOTED TO
Literature, Science and Art, and the Political Principles of 1776 and 1787.
C. CHAUNCEY BURR, EDITOR.
The success of THE OLD GUARD has been as remarkable as it ought to be gratifying to the friends of a true American literature. It has steadily doubled its circulation each year of its publication, and its publishers have found it necessary to annually enlarge it, to meet the full expectations of its patrons, as well as to realize their own ideal of a first-class Family and Literary Magazine, combined with sound political principles.—To still farther carry out this design, The Old Guard for 1867 will be printed on new type, and enlarged sixteen additional pages, making in all nearly One Thousand Pages of reading matter yearly for the low price of three dollars! Arrangements have also been made to secure the very best literary talent of the country. We will commence in the January number a thrilling Romance, written expressly for The Old Guard, entitled,
JOSCELYN; A Tale of the Revolution;
By Wm. Gilmore Simms, Esq., of S. C.,
the peer of Cooper and Irving, taking the reader back to the birth of the American principle of government, and introducing him to the rebels of 1776. John Esten Cooke, Esq., of Virginia, author of "Surry of Eagle's Nest," &c,, &c., will furnish a series of graphic sketches, entitled "The Battles of Virginia," while our present corps of contributors, with some new ones, will continue to furnish articles, making the Magazine second to none in point of literary attraction and ability.—Politically, The Old Guard will stand in the future as in the past, faithfully guarding the Constitution as it came from the hands of Washington, without acquiescing in any of the subversions, under the title of "amendments." It will be continued upon the grand idea that "all is not lost," while virtue and intelligence remain with any portion of the people.

ASTROLOGY.
The World Astonished
AT THE WONDERFUL REVELATIONS MADE BY THE GREAT ASTROLOGIST,
MADAME H. A. PERRIGO.
She reveals secrets no mortal ever knew. She restores to happiness those who, from doleful events, catastrophes, crosses in love, loss of relations and friends, loss of money, &c., have become despondent. She brings together those separated, gives information concerning absent friends or lovers, restores lost or stolen property, tells you the business you are best qualified to pursue and in what you will be most successful, causes speedy marriages and tells you the very day you will marry, gives your name, likeness and characteristics of the person. She reads your very thoughts, and by her almost supernatural powers unveils the dark and hidden mysteries of the future. From the stars we see in the firmament—the malefic stars that overcome or predominate in the configuration—from the aspects and positions of the planets and the fixed stars in the heavens at the time of birth, she deduces the future destiny of man. Fail not to consult the greatest Astrologist on earth. It costs you but a trifle, and you may never again have so favorable an opportunity. Consultation fee, with likeness and all desired information, $1. Parties living at a distance can consult the Madame by mail with equal safety and satisfaction to themselves, as if in person. A full and explicit chart, written out, with all inquiries answered and likeness enclosed, sent by mail on receipt of price above mentioned. The strictest secresy will be maintained, and all correspondence returned or destroyed. References of the highest order furnished those desiring them. Write plainly the day of the month and year in which you were born, enclosing a small lock of hair.

REPARATOR CAPILLI.
Throw away your false frizzes, your switches, your wig—
Destructive of comfort, and not worth a fig;
Come aged, come youthful, come ugly and fair,
And rejoice in your own luxuriant hair.
REPARATOR CAPILLI
For restoring hair upon bald heads; from whatever cause it may have fallen out) and forcing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of living witnesses (from their own experience) can bear witness. But many will say how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, provided entire satisfaction is not given. Miscellaneous.

1867.—"THE WORLD."—1867.
The attention of the public is invited to the claims of "The World" as one of the leading public journals of the country. It is the chief organ of the Democratic Party of the United States, and the foremost advocate of the immediate restoration of the Union. Its highest merits consists in its character as an enterprising and trustworthy newspaper.
The next year bids fair to be a more critical one in the history of our free institutions than even any eventful ones that have preceded it. The first requsite for an intelligent judgment of public affairs is a full and authentic account of facts as they transpire. These THE WORLD always aims to give with conscientious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interst, is the first duty of a newspaper, and the facilities of THE WORLD for discharging this obligation are unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy and candor, that no class of readers can miss anything of interest which they wish to find. THE WORLD will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments, which it cannot refute, it is content to leave to make their full impression. THE WORLD accepts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance. In politics, THE WORLD will continue to be the bold advocate of a Liberal, Progressive Democracy. The unflinching champion of Freedom, Justice, Order and Constitutional Rights. The inspiration of its politics is Freedom restrained by Justice; or, to speak more strictly, Freedom pure and simple, in the largest collective measure; the office of justice being merely to protect freedom from encroachments; Freedom of the individual citizen in his rights of thought, speech, religion and locomotion; in his Right to choose his own food and drink, in spite of meddlesome temperance laws; in his Right to make any money bargains he thinks proper, in spite of foolish usury laws; in his Right to buy and sell in all markets, domestic and foreign, in spite of unjust protective tariffs; in his Right to representation in the legislative bodies which tax him, in spite of unconstitutional exclusions; Freedom of collective citizens to assemble for discussion of grievances; Freedom of all local communities to manage their local affairs without central interference; Freedom in every section of the country from the arrogant and unconstitutional domination by other sections; this large and comprehensive idea of Freedom sums up the politics of THE WORLD, which will never be found wanting to this capital interest of the country and of the human race.
In its accurate Commercial Intelligence and careful, reliable market reports, THE WORLD will continue to maintain its present high reputation. A paper published in the commercial metropolis is naturally looked to for authentic information relating to trade, commerce and finance; and this being a feature in which the THE WORLD prides itself, it boldly challenges comparison with every journal in the metropolis.
